ATTN OF: OPS-T

SUBJECT: Encampment Orders and Instructions

TO: Encampment Personnel, National Capital Wing, CAP, Washington, D.C.

1. General

McGuire Air Force Base will be your host for the National Capital Wing, Civil Air Patrol, 1959 Cadet Summer Encampment, and it is the express desire of this Headquarters that all personnel of the Wing conduct themselves in a manner which will reflect credit on this organization. This can only be accomplished with your fullest cooperation and undivided attention to the schedule of activity, attached herewith. It is to be noted that tardiness or absence from any activity without the approval of the Encampment Commander will not be tolerated. McGuire Air Force Base is Headquarters for Eastern Transport Air Force, MATS, the 1611th Air Transport Wing (Medium), MATS, the New York Air Defense Sector, and the New Jersey Air National Guard; therefore, it is especially important that uniform regulations and military courtesy be scrupulously followed and that you carry out your assigned duties in a smart and soldierly manner. It is further desired that all personnel present a neat and tidy appearance at all times, with particular attention given to uniforms, which are clean and well-pressed, shoes which are shined, and hair which is neatly combed. Male cadets should be clean shaven.

2. Rules of Conduct

By careful perusal and observation of the following instructions, your stay at this encampment can be both enjoyable and educational.

3. Training Program

a. A separate schedule is provided for each Squad, which lists all of the subjects contained in the formal Training Program. Additions or changes will be announced and posted on Encampment Bulletin Board. Every cadet will check the Bulletin Board at least once each morning and afternoon.

b. Orientation flights will have top priority over other scheduled activities. These will be scheduled as the availability of aircraft and crews permits.

c. Saturday, 27 June 1959, is scheduled as follows:

1100 hours - Formal Review will be held on the Flight Line

4. Conclusion

Any infraction of these orders and instructions on the part of any individual or group of individuals may result in instant dismissal from the Encampment and return to home station. All matters that may arise not covered herein will be referred to the Encampment Commander for decision.
